INDEPENDENT AUDITOR'S REPORT

December 10, 2014

To the Board of Trustees of the
United Way of Southeast Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the United Way of Southeast Louisiana (UWSELA), a nonprofit organization, which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the six month period then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of UWSELA as of June 30, 2014, and the changes in its net assets and its cash flows for the six-month period then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2014, on our consideration of UWSELA's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering UWSELA's internal control over financial reporting and compliance.

UNITED WAY OF SOUTHEAST LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

ORGANIZATIONAL PURPOSE:

United Way of Southeast Louisiana (UWSELA) is a not-for-profit 501(c)(3) charitable organization founded in 1952 serving residents of Jefferson, Orleans, Plaquemines, St. Bernard, St. Tammany, Tangipahoa and Washington parishes and governed by a volunteer board. UWSELA's mission is to increase the organized capacity of people to care for one another in order to create a stronger community for all. UWSELA collaborates with government, business, faith groups and other nonprofits in the seven-parish region to identify and address serious issues. UWSELA raises funds through an annual workplace campaign, individual and corporate gifts, grants and partnerships. UWSELA funds needed health and human community services based on best practices, and assesses the success of those programs based on the achievement of pre-defined outcomes.

UWSELA also serves as a campaign agent for the solicitation of contributions from federal civilian and uniformed service personnel.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The principal accounting policies applied in the preparation of the accompanying financial statements are as follows:

Basis of Accounting:

The financial statements of UWSELA are prepared on the accrual basis.

Basis of Presentation:

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) 958-205, *Presentation of Financial Statements for Not-for-Profit Entities*. Under ASC 958-205, UWSELA is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets.

Public Support and Revenue:

In accordance with ASC 958-605, *Revenue Recognition of Not-for-Profit Entities*, contributions to UWSELA are recorded when pledges are made. Allowances are provided for amounts estimated to be uncollectible. The allowance for uncollectible pledges is maintained at a level which the Board of Trustees (the Board) considers adequate based on prior collection experience and current economic conditions. All contributions are considered to be available for unrestricted use unless specifically restricted by donors. Pledges outstanding that are designated for future periods are reported as temporarily restricted support. In addition, custodial funds, whereby UWSELA simply serves as a conduit for contributions to others based on donor designations, are included in revenue in UWSELA's financial statements, but are then subtracted from revenue and the related expense. UWSELA honors all designations.

UNITED WAY OF SOUTHEAST LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Public Support and Revenue: (Continued)

Amounts received with donor stipulations that limit the use of the donated assets are reported as restricted support. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the statement of activities as net assets released from restrictions.

Donated Services and In-Kind Contributions:

Although a large number of volunteers have donated significant amounts of their time to UWSELA's fund raising campaigns and allocation activities, donated services are not recorded in the financial statements because no objective basis is available to measure the value of such services.

Included in revenue and functional expenses is \$273,175 for advertising donated during the six months ended June 30, 2014.

Investments:

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at fair value (based on quoted market prices) in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized. See note 2 for discussion of fair value measurements.

Property and Equipment:

Property and equipment are stated at cost. Donated property and equipment are recorded at fair value at the date of receipt. Individual items of \$1,000 or more are capitalized. Depreciation of automobiles, furniture, and equipment is provided over the estimated useful lives of the respective assets (three to ten years) using the straight-line method. The building is depreciated using the straight-line method over a period of thirty years. Depreciation expense for the six months ended June 30, 2014 was \$44,930.

UNITED WAY OF SOUTHEAST LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Allocations to Member Agencies:

Annual allocations to agencies are established after completion of the annual fund raising campaign and accrued upon approval by the Board. Allocations based on donor designations are accrued when the designated pledges are made. Donor designated pledges are assessed both a fundraising and management and general fee based on actual historical costs in accordance with United Way Worldwide Membership Requirements. Unexpended allocations to agencies are returned to net assets in the year in which the amounts of the unexpended allocations are determined.

Functional Expenses:

Expenses presented in the statement of functional expenses are allocated between program and supporting services. UWSELA allocates expenses using the full-time equivalent method which is based on the number of full-time employees in each department.

Program services consists of fund distribution and outcomes, which represents the review of agencies, programs, outcomes, UWSELA's funding decisions, and "other", which includes grants for early childhood education, quality improvement, Volunteer Income Tax Assistance, Earned Income Tax Credit programs, Success by Six, Individual Development Savings Accounts, School to Career/Ready By 21, home rebuilding grants and other programs.

Supporting services consists of fundraising, marketing and communications, and management and general expenses.

Income Taxes:

UWSELA is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from State income taxes under Section 121(5) of Title 47 of the Louisiana Revised Statutes of 1950. Accordingly, no provision for income taxes has been included in the financial statements.

FASB ASC 740 provides detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an entity's financial statement. As of June 30, 2014, UWSELA has determined that it does not have any uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Tax returns generally remain subject to examination by the taxing authorities for five years.

UNITED WAY OF SOUTHEAST LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Statement of Cash Flows:

For purposes of the statement of cash flows, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and having original maturities of three months or less.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. INVESTMENTS AND FAIR VALUE MEASUREMENTS:

UWSELA carried investments at fair value totaling \$9,243,695 at June 30, 2014. The following is an analysis of investment income for the six months ended June 30, 2014:

	<u>Unrestricted</u>	Temporarily <u>Restricted</u>	Permanently <u>Restricted</u>	<u>Total</u>
Investment income	\$ 19,072	\$ 16,946	\$ --	\$ 36,018
Net realized and unrealized gains (losses)	<u>88,388</u>	<u>79,958</u>	<u>156</u>	<u>168,502</u>
Total return on investments	<u>\$ 107,460</u>	<u>\$ 96,904</u>	<u>\$ 156</u>	<u>\$ 204,520</u>

Investment income shown above is net of investment fees of \$5,281 for the six months ended June 30, 2014.

UWSELA utilizes fair value measurements to record certain assets and to determine fair value disclosures. In accordance with FASB ASC Topic 820, "Fair Value Measurements," fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instrument.

UNITED WAY OF SOUTHEAST LOUISIANA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

2. INVESTMENTS AND FAIR VALUE MEASUREMENTS: (Continued)

ASC Topic 820 establishes a three-tier fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair values, as follows:

- Level 1: Quoted prices in active markets for identical assets.
- Level 2: Quoted prices for similar assets or liabilities in active or inactive markets, or inputs derived from observable market data such as published interest rates and yield curves, over-the-counter derivatives, market modeling or other valuation methodologies.
- Level 3: Unobservable inputs that reflect management's assumptions and best estimates based on available data.

Following is a description of the valuation methodologies used to measure fair value. There have been no changes in the methodologies used during the six months ended June 30, 2014.

Brokered certificates of deposit are short term and are valued at current market value.

U.S. Government securities and mutual funds are valued at the closing price reported on the active or observable market on which the individual securities are traded.

Investments in endowments other than mutual funds are valued at the fair value of the trust investments as reported to UWSELA by the trustees.

The following is a schedule of investments held by UWSELA at June 30, 2014, including the fair value detailed by level of measurement.

10. CONCENTRATION OF CREDIT RISK: (Continued)

Securities purchased under agreements to resell included in cash and cash equivalents, totaling \$2,928,437 were fully collateralized by government agency securities at June 30, 2014.

The investments in UWSELA's endowment funds are not guaranteed or otherwise secured by the Trustees. The endowment funds are invested in diverse portfolios of equities, fixed income securities, exchange-traded funds, other investments and money market funds.

11. PLEDGES RECEIVABLE - PROMISES TO GIVE:

Pledges receivable consists of campaign promises to give. Concentrations of credit risk with respect to the promises to give are limited due to the large number of contributors comprising UWSELA's contributor base and their dispersion across different industries in the Southeast Louisiana.

Pledged receivables are unsecured and are due within one year; hence, they are recorded at fair value without any discount factored. Pledges receivable in the amount of \$5,439,392 were outstanding at June 30, 2014.

12. ADVERTISING:

UWSELA's policy is to expense all advertising fees as incurred. Advertising purchased was \$17,666 for the six months ended June 30, 2014.

15. ENDOWMENT ASSETS:

As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Following is a description of UWSELA's endowment funds.

UWSELA has a board-designated, irrevocable endowment fund with the Greater New Orleans Foundation to receive and invest funds for the benefit of UWSELA. All income received from the endowment is unrestricted and is used to cover operating expenses. Contributions received and transferred to the endowment fund for the six months ended June 30, 2014 totaled \$11,217. Investment income for the six months ended June 30, 2014, net of administrative expenses and grants, totaled \$(16,539). The amount of the endowments reflected in the statement of financial position as beneficial interest in assets held by others is \$3,168,970 at June 30, 2014. The original and subsequent contributions to the endowment fund are considered to be permanently restricted because they are irrevocable gifts to a permanent endowment.

UWSELA's donor-restricted common endowment funds with the Greater New Orleans Foundation consist of four separate funds. The original investment of \$14,724 in three of the endowment funds is permanently restricted. All income is unrestricted. There were no contributions to the endowment funds for the six months ended June 30, 2014. Investment income for the six months ended June 30, 2014, net of administrative expenses and grants, totaled \$(2,069). The amount of endowments reflected in the statement of financial position as investment in common endowment fund is \$319,384 at June 30, 2014.

UNITED WAY OF SOUTHEAST LOUISIANA
NOTES TO FINANCIAL STATEMENTS

15. ENDOWMENT ASSETS: (Continued)

The New Orleans Electric Ratepayers Fund is a donor-restricted endowment fund of UWSELA. The original investment in the endowment fund and all short and long term capital gains are permanently restricted. Investment income and unrealized gains and losses are temporarily restricted. There were no contributions to the endowment for the six months ended June 30, 2014. Investment income for the six months ended June 30, 2014, net of withdrawals, totaled \$18,486. As of June 30, 2014, the amount of endowments reflected in the statement of financial position as mutual funds and corporate stock is \$1,934,160 and \$6,086, respectively.

Interpretation of Relevant Law:

The Board of Directors of UWSELA has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, UWSELA classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditures by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, UWSELA considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the organization and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and the appreciation of investments
- 6) Other resources of the organization
- 7) The investment policies of UWSELA

15. ENDOWMENT ASSETS: (Continued)

Funds with Deficiencies:

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires UWSELA to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. These deficiencies may result from unfavorable market fluctuations occurring after the investment of new permanently restricted contributions and continued appropriation for programs that was deemed prudent by the Board of Directors. At June 30, 2014, there were no such deficiencies.

Return Objectives and Risk Parameters:

UWSELA has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets.

Endowment assets include those assets of donor-restricted funds that UWSELA must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to preserve the principal of the endowment assets.

Strategies Employed for Achieving Objectives:

To satisfy its long-term rate-of-return objectives, UWSELA relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). UWSELA targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy:

UWSELA has a policy of appropriating for distribution each year the donors' contribution and the investment earnings for the year. Accordingly, over the long-term, UWSELA expects the current spending policy to allow for preservation of the principal.

16. COMPENSATED ABSENCES PAYABLE:

Employee personal leave is cumulative and may be carried forward from year to year, up to a maximum of 60 workdays. Upon separation, employees are paid for any unused personal leave days. The accrued liability was \$279,939 at June 30, 2014.

17. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through the date that the financial statements were available to be issued, which was December 10, 2014 and determined that no events occurred that required disclosure. Subsequent events occurring after December 10, 2014 have not been evaluated for inclusion in these financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

December 10, 2014

Board of Directors
United Way of Southeast Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the United Way of Southeast Louisiana (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the six month period then ended, and the related notes to the financial statements, and have issued our report thereon dated December 10, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered United Way of Southeast Louisiana's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of United Way of Southeast Louisiana's internal control. Accordingly, we do not express an opinion of the effectiveness of the organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether United Way of Southeast Louisiana's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
