OUR IMPACT: WASHINGTON SUCCESS STORY

Health, education, and financial stability are the cornerstones of a good life. That's why United Way of Southeast Louisiana is committed to helping all our neighbors by providing programs and services dedicated to increasing access and support in these areas.

When COVID-19 left some individuals fighting cancer without regular access to medications and nutritional supplements, the Cancer Association of Greater New Orleans (CAGNO) jumped into action to ensure clients had the life-saving care they so desperately needed.

With support from United Way SELA and partners, CAGNO made door-step deliveries to provide nutritious meal replacements and facilitated direct shipments of medications so even the most remote clients received the necessary items to manage their diagnosis.

Today, those individuals are able to prioritize their health amidst the ongoing pandemic and continue their treatment plan with no added costs.

With health, education, and financial stability securely in place, more children can build a stronger life and imagine what's possible for the future.
