

UNITED WAY OF SOUTHEAST LOUISIANA

PUBLIC POLICY COMMITTEE

Kim Sport, Chairman

The 2016 Regular Legislative Session convened March 14th with its final adjournment June 6th.

United Way of Southeast Louisiana's (UWSELA) **2016 Public Policy Legislative Agenda "United Against Poverty"**, served as a key strategy in our new Blueprint for Prosperity which serves to advance our objectives to eradicate poverty and to assist those on the cusp of poverty or **ALICE**--- Asset Limited, Constrained, Employed report. **ALICE** is a term to describe residents across Louisiana who are working hard, yet still struggling to make ends meet. **ALICE** has low-paying jobs, little or no savings, and is one emergency from falling into poverty. Our "United Against Poverty" Public

Policy Agenda reaffirms UWSELA's positions previously taken in the 2014 and 2015 Louisiana Legislative Sessions.

2016 LEGISLATIVE WRAP-UP

EDUCATION

UWSELA supported in this legislative session with regard to education a smart start and a strong finish agenda to maintain current state funding levels to support high quality early childcare education. UWSELA worked in partnership with the Coalition for Higher Standards to maintain high quality educational standards for K-12.

The two early education legislation bills below create a crime for operation of a child care center without a license and establish penalties for illegal operation.

FINANCIAL SECURITY

UWSELA advocated for an increase in the EITC, an increase in state minimum wage and equal pay for women, but were unsuccessful. These bills were among the most important policies we could support to assist our financially struggling families, **ALICE**—Asset Limited, Income Constrained, Employed from falling into poverty.

Governor John Bel Edwards testified at Labor & Industrial Relations Committee in favor of SB 254, the Louisiana Equal Pay Act authored by Sen. “JP” Morrell and for SB 269 which calls for an increase in the state minimum wage, authored by Sen. Karen Carter Peterson.

HEALTH

Governor John Bel Edwards enacted legislation that provides greater insurance coverage for breast reconstruction following mastectomy. The legislation, introduced by Rep. Helena Moreno, strengthens the Women's Health and Cancer Rights Act of 1998 in the state by requiring that rights afforded under the 1998 federal law are upheld by all health insurers in Louisiana. It also clarifies that all stages of breast reconstruction are medically necessary and should not be excluded from coverage. The legislation mandates that all health insurance plans in Louisiana notify enrollees of this benefit in the annual explanation of benefits.

Breast Cancer Treatment Alternative Insurance

ACT 145 (HB 694) by Representative Helena Moreno

INSURANCE/HEALTH: Provides relative to required coverage for reconstructive surgeries following mastectomies.

Medicaid Expansion

UWSELA worked in close partnership with Governor John Bel Edwards and Medicaid Expansion is finally here. June 1, 2016 marked a milestone for a healthier Louisiana as people can finally begin to enroll in the state's Healthy Louisiana Medicaid Expansion program. This historic development was made possible by the Executive Order signed by Governor Edwards on January 12, his first full day in office. Medicaid expansion will alleviate the state's budget shortfall and allow more than 300,000 residents of Louisiana to gain better access to health care. The Department of Health and Hospitals project that Medicaid Expansion could save up to \$180 million dollars in the upcoming fiscal year. Expanding Medicaid will strengthen the state's economy and put people to work. Louisiana will be the 32nd state to adopt the Medicaid expansion program.

Domestic Violence

The Center for Disease Control reports that, apart from deaths and injuries, physical violence by an intimate partner is associated with a number of adverse health outcomes. One in four women will experience domestic violence in her lifetime, but more than half of women on welfare are abuse survivors. Abused women often miss work or perform poorly due to partner sabotage. Economic abuse – preventing a partner from getting or keeping work – often co-exists with other forms of domestic violence. This leads to a vicious cycle: Abuse harms its victims financially, but victims don't leave their abusers because they don't believe they can support themselves. UWSELA has supported over 50 changes to laws assisting victims of domestic violence in the 2014 and 2015 sessions and will supported the following legislation in the 2016 session:

ACT 124 (HB 624) by Representative Helena Moreno

WEAPONS/FIREARMS: Provides with respect to the reporting of certain judicial proceedings regarding the possession of firearms.

ACT 452 (HB 931) by Representative Malinda White

WEAPONS/FIREARMS: Provides for the reporting of information concerning persons prohibited from possessing firearms.

ACT 399 (HB 590) by Representative Chris Leopold

CRIME: Provides with respect to prior bad acts in domestic violence and cruelty to juveniles cases.

ACT 387 (SB 320) by Senator J.P. Morrell

DOMESTIC VIOLENCE: Provides for designated seating in a courtroom for Domestic Violence for victims, victims' families, and witnesses that do not require them to be in close proximity to defendants, defendants' families, or witnesses for defendants.
