OUR IMPACT: TANGIPAHOA SUCCESS STORY

Tiffany* lost custody of her children after her four-year-old son was shot by her husband who was threatening them with a gun. Her son suffered for a week without medical care. She needed help to protect her children and herself.

Child Advocacy Services appointed a CASA advocate to the family – a move that transformed their future. The advocate connected the children to trauma therapy while Tiffany rebuilt her life. She got a new job, bought a car, and found a home while working hard to regain custody. Eventually, Tiffany reunited successfully with her children. Today, they are safe and flourishing in their new environment.

Thanks to our donors, United Way and our partners are stepping up to respond as we always do. We're assisting people with immediate needs, like Tiffany, and helping communities recover and rebuild.

But we have so much more to do. **Together, we can make more impact in Tangipahoa Parish than any one of us could create alone!**
